The authors noticed an error in Scheme 5 of the original article: the text below the structure of the first molecule (top left corner), "D-Trp" should have read as "one-step from D-Trp".

The corrected Scheme 5 of the original article is shown below in Scheme 1.

The authors apologize for any inconvenience caused by the originally published error in Scheme 5.

Scheme 1: Corrected Scheme 5 of the original article. Enantioselective syntheses of both the proposed and revised structures of aspera chaetominine B.
